Kane County Annual Internal Audit Status Report Update

Introduction

BACKGROUND

As per 55 ILCS 5/3-1003, the Kane County Auditor is commissioned by the Governor. The County Auditor is authorized and mandated to perform certain duties in 55 ILCS 5/3-1005.

Among the enumerated responsibilities described in that section, the duties of the County Auditor shall be to

- (f) Audit the receipts of all county officers and departments presented for deposit with the County Treasurer.
- (g) Maintain a continuous internal audit of the operations and financial records of the officers, agents or divisions of the county. The County Auditor shall have access to all records, documents, and resources necessary for the discharge of this responsibility.
- (h) Audit the inventory of all real and personal property owned by the county under the control and management of the various officers and departments of the county.

Section 2-192 of the Kane County Code deals with the Internal Audit Procedures. This section re-affirms the County Auditor's unlimited access, and proscribes the course of actions required as a follow-up to an internal audit report.

- Access to Records: The County Auditor shall have access to all records, documents and resources necessary to maintain a continuous internal audit.
- Response To Internal Audit Report:
 - (1) Each county officer, agent or division shall, within three (3) business days, acknowledge receipt of the internal audit report.
 - (2) Within thirty (30) days of receipt of the internal audit report, each county officer, agent or division shall submit a written response to the County Auditor, outlining the action that has been taken in response to the recommendations made by the auditor.

Kane County Annual Internal Audit Status Report Update

- (3) Subsequent to the issuance of the internal audit report, the County Auditor shall review the operations and financial reporting of the affected county officer, agent or division. This review will focus on, but not be limited to, the recommendations suggested in the internal audit report. Upon completion of the review, a report outlining the conditions found at the time of the review will be prepared and delivered to the county board.

OBJECTIVE AND SCOPE

OBJECTIVE:

The objective of this report is to monitor recommendations offered from internal audit reports, and to report their updated status as either complete, in progress, open or declined based upon Elected Official or Department Head responses to follow up requests.

SCOPE:

The Internal Audit Status Report was first created based upon the recommendations from the internal audits performed during the fiscal year ended November 30, 2014. The report is a fluid document and audit recommendations will continue to be added and/or removed, accordingly. Recommendations from newly completed audits will be added; recommendations that have been completed or declined are included as part of the update, but will be removed from future versions of the status report. Recommendations that remain as in progress or open will continue to be part of future status reports. With each update, we reach out to each office/department for changes which are reflected in the status of recommendations.

STATUS DEFINITIONS

Complete	The office/department has successfully resolved the audit point through implementing the audit recommendation, adopted mitigating controls, etc.
In Progress	The office/department has made some plans and moved toward completing the audit recommendation.
Open	The audit point remains unchanged. The office/department may be in the discussion phase.
Declined	The office/department does not intend to resolve the audit point.

Kane County Annual Internal Audit Status Report Update

METHODOLOGY

The status report was developed from various sources of information including

- Recommendations included in the original Internal Audit Report
- Management responses included in the original Internal Audit Report
- Subsequent communication with the audit stakeholders
- Follow-ups from the Kane County Auditor

In cases where recommendations have not been implemented, comments were sought for either the rationale behind the decision not to implement the recommendations or for the planned timing to address the issues in question. It is understandable that some of the recommendations will take an extended period of time to fully implement. Offices and departments in that process are acknowledged in this report for the effort and commitment to address the recommendations.

It is also possible that a recommendation cannot be implemented, or cannot be fully implemented, due to financial or personnel limitations. Even in those cases, however, a response from the affected stakeholders should be documented as part of best financial practices.

As the Kane County Internal Audit Status Report itself required no substantive audit work, there is no requirement to meet or follow *Government Auditing Standards* (aka "Yellow Book") issued by the Comptroller General of the United States. The report is intended to meet the requirement set forth by the Kane County Code for subsequent reporting to the County Board.

Kane County Annual Internal Audit Status Report Update
